THE EXHIBITOR'S MANUAL IS AN INTEGRAL PART OF THE FIPAN'2026 PARTICIPATION AGREEMENT

This document contains all the rules that regulate and guide the operation of your booth at FIPAN'2026.

The EXHIBITOR AND ITS SERVICE PROVIDERS shall follow all the Rules described herein.

Completing Operational Forms is part of the process, so that we can adequately meet all the needs of exhibitors and service providers.

As of March 16, 2026, the EXHIBITOR will receive an access password via the email address of the person responsible for the forms. Relevant communications related to the operation of the event will also be sent through this channel.

We advise you to read this document carefully and forward it to your assembler, decorator and other service providers, so that everyone fully complies with all the standards described herein and, in case of any doubt, contact our team. We have an exclusive Exhibitor Service team to answer all questions throughout the period, before the event, assembly, during the Event and dismantling.

Exhibitor Service
Telephone: 55 11 3159-4223
e-mail: expositor@fipan.com.br

We wish you all success and excellent business!

Best regards,
GENERAL DIRECTION

IMPORTANT INITIAL INFORMATION

- 1. Exhibitors, assemblers and service providers shall wear hard hats (protective equipment) inside the pavilons during the entire assembly, on the days 16, 17, 18, 19, and dismantling, on the day 24 after 8:00 p.m. until 25 at 4:00 p.m.**
- 2. All mandatory fees, as well as additional services, including credentials, must be paid/requested using the Operational Forms that will be available until July 3.**
- 3. Payment of fees and/or request for services personally at the Organizer's headquarters will not be accepted, and must be made exclusively through the Operational Forms available on the Event website, in the EXHIBITORS' area.**
- 4. Payments by check or bank deposit (either identified or not) will not be accepted, and must be made through a bank slip generated at the end of the requests through the Operational Forms.**
- 5. Payment of mandatory fees and/or contracted services made after July 3, due date to access Operational Forms, may only be made at the Event "CAEX" (EXHIBITOR Service Center), as of July 16 (after 12:00 p.m.) and subject to an increase of 30%.**
- 6. Rules to enter and stay at the pavilons extended to everyone: Exhibitors, Assemblers, service providers in general and visiting public (during the event):**
 - a) During the assembly period, on the 16th, 17th, 18th, 19th
The entry and stay of children under 14 years of age, including infants, is not allowed.
People wearing shorts, tank-tops and/or slippers.**
 - b) During the decoration period, on the 20nd:
The entry and stay of children under 14 years of age, including infants, is not allowed.
People wearing shorts, tank-tops and/or slippers.**
 - c) During the event, on July 21, 22, 23, and 24:
 - Entry and stay of children under 14 years old are strictly prohibited.**
 - Minors aged 14 to 18 will only be allowed access if accompanied by their parents or legal guardians.**
 - Nursing mothers with infants up to 11 months and 29 days old will be granted access upon signing a Liability Waiver at the fair administration office at the time of their visit.**
 - The organization also recommends that, as this is a business fair, visitors should avoid wearing shorts, sleeveless shirts, caps, and/or flip-flops.****
 - d) Disassembly, on the 24th from 8:00 p.m. until the 26th at 4:00 p.m.:
The entry and stay of children under 14 years of age, including infants, is not allowed.
People wearing shorts, tank-tops and/or slippers.**

Have you made the mandatory payment of fees related to the Municipality of São Paulo?	
Did you pay the Copyright Fee to ECAD? If you use ambient sound	
Have you provided all required mandatory documents?	

GENERAL INFORMATION

1 – HELD BY

AIPAN – Association of Bakery and Confectionery Companies of São Paulo, herein referred to as the ORGANIZER.

2 – ORGANIZATION

SEVEN, herein referred to as the ORGANIZING COMPANY.

3 – OWNERSHIP

FIPAN'2026 is a trademark owned by Association of Bakery and Confectionery Companies of São Paulo.

4 – REGISTRATION UPDATE

EXHIBITORS shall keep the ORGANIZING COMPANY informed about any registration changes of its company: contact, address, email, telephone, product line, companies represented, etc., via the email expositor@fipan.com.br.

5 – CAEX (EXHIBITOR SERVICE CENTER)

The ORGANIZING COMPANY of the Event shall provide the exhibitor, assembler and other service providers with the Exhibitor Service Center (CAEX), as follows:

Pre-event – As of March 16 to July 3 at 3:00p.m.

Telephone: +55 (11) 3159-4223 | 9:00a.m.–5:00p.m.

e-mail: expositor@fipan.com.br

Setup/Event – on July 16–24

Place: Expo Center Norte

Service hours: **On July 16**, 12:00p.m.–9:00p.m. | **on July 17–23**, 8:00a.m.–9:00p.m. | and **on July 24**, 8:00a.m.–7:00p.m.

6 – EVENT SCHEDULE

SETUP:

From 12:00p.m. on July 16 to 8:00p.m. on July 19

FINISHING AND DECORATION:

July 20 | 8:00a.m.–5:00p.m.

ENTRY AND PLACEMENT OF PRODUCTS:

July 20 | 8:00a.m.–5:00p.m.

PRODUCT ENTRY DURING THE EVENT:

July 21–24, 8:00a.m.–12:00p.m. – only through the service gates.

EVENT DURATION:

July 21–24, 01:00p.m.–9:00p.m. | July 24 (last day) 1:00p.m.–7:00p.m.

DISMANTLING:

From 8:00 p.m. on July 24 to 4:00 p.m. on July 25

DISMANTLING AND PRODUCT REMOVAL

All products of small size may only be removed from the pavilions exclusively through the service gates, from 8:00 p.m. to 9:30 p.m. on July 24, following the dismantling of booths from 10:00 p.m. on July 24 until 4:00 p.m. on July 25.

Please inform all employees of your company responsible for the booth, as well as all service providers, about this rule. For everyone's safety, no exceptions will be allowed.

During the setup, finishing/decoration, and dismantling periods, the entry of minors under 14 years old—including infants—is strictly prohibited, even if accompanied by their guardians, regardless of family relationship.

LEGAL STANDARDS

1 - MUNICIPAL FEE (SÃO PAULO CITY GOVERNMENT)

All booths should have the following municipal fee paid:

TFE – Related to the Pavilion inspection. Required for all booths

In accordance with current legislation (Laws 13474 and 13477)

EXHIBITORS shall pay all of them, because only upon proof of payment they will be allowed to access the Pavilions in order to assemble their booth.

Those who share their space with more than one CNPJ (EIN), as long as authorized by the ORGANIZER, must collect the TFE for each of the companies.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

2 – COPYRIGHT FEE (ECAD)

EXHIBITORS playing music live or through speakers on their booths shall pay the copyright related fees.

Payment shall be made directly to ECAD (Central Collection and Distribution Office).

ECAD – Central Collection and Distribution Office

Av. Paulista, 171 – 3º andar – CEP: 01311-000 – São Paulo – SP

Tel.: +55 (11) 3287-6722 - e-mail: ecadsp@ecad.org.br

Website: www.ecad.org.br

The amount of this fee changes according to the entity price table.

Therefore, we suggest that this matter be addressed in advance to avoid eventual mishaps with the ECAD inspection team that will be present at the Event.

We also recommend that the EXHIBITOR keeps the payment proof of this fee at their booths.

3 – MATERIAL ENTRY AND EXIT

ENTRY PROCEDURES

All materials or products owned by the EXHIBITOR must be accompanied by an INVOICE FOR SIMPLE REMITTANCE OF THE PRODUCTS TO BE EXHIBITED and the ENTRY AND EXIT FORM FOR THE SUPPORT MATERIAL OF THE BOOTH, written on the company's letterhead in two copies, properly filled out and signed by the EXHIBITOR. The information regarding the completion of the invoice is detailed below.

The first copy of the ENTRY AND EXIT FORM FOR THE SUPPORT MATERIAL OF THE BOOTH must be submitted to the Official Security of the event upon the entry of the material into the pavilion. The second copy will remain with the EXHIBITOR. It is necessary for all products to be exhibited at the booth to be listed on the INVOICE, as it is required for inspection purposes, and the form is for control by the Official Security of the Fair.

We remind you that the ENTRY AND EXIT FORM FOR THE SUPPORT MATERIAL OF THE BOOTH must also be used by contracted service providers in the case of delivering support material to the booth.

THE EXHIBITOR IS EXCLUSIVELY RESPONSIBLE FOR COMPLYING WITH ANY LEGAL REQUIREMENTS RELATING TO THE PROCEDURE FOR SHIPMENT OF GOODS, PRODUCTS, EQUIPMENT AND/OR FIXTURES, AS WELL AS FOR TAKING CARE OF THEM.

REMOVAL PROCEDURES

The removal of materials such as products, furniture, utensils, equipment, among others, owned by the EXHIBITOR will only be allowed after the dismantling begins, starting at 8:00 PM on July 25.

Any belongings of the EXHIBITOR may only be removed if accompanied by the ENTRY AND EXIT FORM FOR THE SUPPORT MATERIAL OF THE BOOTH signed by the EXHIBITOR. The first copy of the form must be delivered to the event security at the loading and unloading gate. THE EVENT SECURITY IS AUTHORIZED BY THE ORGANIZATION TO RETAIN GOODS FOR PROPER INSPECTION

SHIPMENT OF PRODUCTS FOR EXHIBITION

Please observe the following procedures below to issue invoices for the shipment of products:

1. The invoice shall be issued on behalf of the EXHIBITOR company, with EIN and state enrollment number with the following address: Rua José Bernardo Pinto, 333 – Vila Guilherme – São Paulo – SP CEP 02055-000.
2. THE FOLLOWING NOTE SHOULD BE INCLUDED IN THE BODY OF THE INVOICE: "AS MERCADORIAS DESTINAM-SE À EXPOSIÇÃO NA FIPAN'2026 – FEIRA INTERNACIONAL DE PANIFICAÇÃO, CONFEITARIA E DO VAREJO INDEPENDENTE DE ALIMENTOS, DE 21/07/2026 A 24/07/2026 – EXPO CENTER NORTE – SP -PAVILHÕES." BLUE, WHITE AND GREEN
3. Goods shall return to their origin no later than sixty (60) days from the issue date of the invoice. In the appropriate spaces, please list all goods, products, equipment, etc., with their respective quantities and values (unit and total).

INVOICE TEMPLATE AND DETAILS:

Please refer to the template below to complete the transportation sheet correctly of each state.

Note: please mention the issue date and transportation sheet number.

ATTENTION:

- The invoice cannot be issued on behalf of representative.
- Please follow the instructions provided to provide legal backing to the operation.

ONCE THOSE REQUIREMENTS ARE COMPLIED, THE SAMPLE ARRIVAL AND PERMANENCE AT THE EXHIBITION IS ENSURED, AS WELL AS THEIR RETURN TO THE COMPANY.

4 - REGIONAL LABOR AUTHORITY

We remind you that the PURCHASING AND CONTRACTED companies (EXHIBITOR AND ASSEMBLER) are responsible for labor obligations and must require service providers to provide proof of regularity to protect them against possible claims. Furthermore, the hiring of employees of the providers must comply with the legislation in force. The DRT – Regional Office of the Ministry of Labor will be present at the event and supporting documents may be required.

5 - WORK OF MINORS

Child labor is regulated. To keep minors working at the booth, EXHIBITORS shall obtain special authorization from the Regional Labor Authority and the Child and Youth Court.

If EXHIBITORS needs the work of children under 14 during the Event period, they shall provide a letter of parental authorization, signed by both, with notarized signatures, ID and SSN copies, minors' Birth Certificate or ID, in addition to the employment agreement executed between EXHIBITORS and the minor. In this case, minors hired may only remain inside the booth belonging to EXHIBITORS who hired them, and they may not, under any circumstances, circulate through the Pavilion aisles, under penalty of being removed, thus preventing their work during the Event.

The aforesaid documentation should be submitted to CAEX in order to release credentials for minors.

6 – VISITATION AND STAY OF MINORS IN THE PAVILION

- a) During the assembly period, on the 16, 17, 18 and 19:
The entry and stay of children under 14 years of age, including infants, is not allowed.
People wearing shorts, tank-tops and/or slippers.
- b) During the decoration period, on the 20th:
The entry and stay of children under 14 years of age, including infants, is not allowed.
People wearing shorts, tank-tops and/or slippers.
- c) During the event, on the 21, 22, 23 and 24:
Entry and presence of children under 14 years old is prohibited.
Minors aged 14 to 17 will only be allowed access if accompanied by a parent or legal guardian.
Nursing mothers with children up to 11 months and 29 days old will be granted access upon signing a Liability Waiver at the fair administration at the time of the visit.
- d) Disassembly, on the 24th from 8:00 p.m. until the 25th at 4:00 p.m.:
The entry and stay of children under 14 years of age, including infants, is not allowed.
People wearing shorts, tank-tops and/or slippers.

7 - HEALTH SURVEILLANCE INSPECTION

If your booth involves the handling or production of food, we kindly request that you carefully read and comply with the regulations established by the São Paulo Health Surveillance Authority.

THE HEALTH SURVEILLANCE INSPECTORS HAVE FREE ACCESS TO THE EVENT, SO WE REQUEST THAT EXHIBITORS COMPLY AND ENFORCE ALL THESE STANDARDS, AS THE SITE INSPECTION TEAMS HAVE THE AUTHORITY TO SHUT DOWN BOOTHS AND APPLY PENALTIES TO EXHIBITORS.

WE ALSO INFORM THAT THE ORGANIZER AND THE ORGANIZING COMPANY SHALL NOT BE HELD LIABLE FOR THE SUPERVISION AND FAILURE TO COMPLY WITH THE DETERMINATIONS FROM THIS AGENCY.

More information:

Municipal Health Division

Health Surveillance Coordination/COVISA

ZIP Code: 01509-020

Telephone: +55 (11) 5461-5600

www.prefeitura.sp.gov.br/covisa

8 - FIRE SAFETY REGULATION

In compliance with State Decree No. 56,819/11 – "Fire safety regulations for buildings and hazardous areas in the state of São Paulo", EXHIBITORS, ASSEMBLERS AND SERVICE PROVIDERS are required to comply with the following fire safety precautions during all the Event stages, including assembly and dismantling:

- To keep the Pavilion emergency exits unobstructed (gates and doors opening to the outdoor area).
- To provide all required extinguishers for the booth areas, in accordance with the Technical Instruction IT 21 from São Paulo State Fire Department.
- To keep all hydrants in the pavilions clear of objects.
- Hydrants, pushbuttons and the new light signage should remain visible and should not be enclosed or obstructed by any type of assembly.
- Keep official Pavilion escape routes completely clear and free of all types of equipment or material during assembly, the Event itself and dismantling.
- Only during assembly and dismantling will the secondary corridors (except for official escape routes) be allowed to accommodate temporary material, and a free aisle of at least 1.50 meters wide shall be maintained in its entire length.
- In the Event of an emergency that implies the need to escape the building, the "Site Escape Plan" will be triggered, meant for the rapid, orderly and safe removal of all people in the building. In this case, when hearing the alarm or the escape message from Pavilion sound system, EXHIBITORS AND ASSEMBLERS should direct their customers, visitors and employees to the nearest exit, in a calm and orderly manner, following the procedures below:

GENERAL PROCEDURES

- Get your personal belongings;
- Turn off all electrical equipment;
- If you have visitors or customers, take them with you, advising them on the escape procedure (they will be under your responsibility);
- Make sure no one stayed inside the booth;
- By using the escape routes, head to the nearest exit (see the attached map);
- Keep calm and avoid disorder and panic;
- Never use the elevators;
- Do not laugh or smoke;
- Do not block the exit route for any reason;
- Never return to the damaged place;

- Comply with the escape brigade member guidelines, they will be identified by a red cap and/or vest;
- Walk orderly, do not run;
- Avoid making unnecessary noise;
- Do not take clothes off your body;
- When you reach the outdoor yard, go to the pre-determined muster station (see the attached map);
- Keep silent and wait for the rescuers (quick and visual) verification on site.

Note: The person in charge for each booth (manager or foreman) should report to the escape brigade member and report any relevant news immediately.

During the Event visitation period, EXHIBITORS shall have two employees to do the job of **Lead Warden** and **Footpath Warden** who, when hearing the escape alarm, and the specific message from the sound system, shall announce; PLEASE NOTE WE ARE IN AN EMERGENCY SITUATION, TAKE YOUR PERSONAL BELONGINGS AND FOLLOW THE ESCAPE BRIGADE INSTRUCTIONS, GOING CALMLY TO THE NEAREST EXIT, and they shall proceed as follows:

The Lead Warden:

- To lead clients and visitors to take their personal belongings and start leaving in an organized manner;
- To set a safe exit pace, without running;
- To help keep his/her group calm and orderly;
- To give special attention to the removal of elder people, people with disabilities, pregnant women and children;
- To lead his/her clients and visitors to the nearest muster station, as directed by the escape brigade members, by a red cap and/or vest.

The Footpath Warden:

- To help check people, by assisting the **Lead Warden**;
- To assist in ORGANIZATION so as to prevent disorder;
- To check that no person remained in the BOOTH (kitchen, storage, upper deck, etc.);
- To close the doors left behind during escape;
- He/she should not allow jokes, too much talk or delays to the exit procedure;
- To help people in case of accidents or sudden illness;
- When getting to the muster station, he/she should inform the local rescuer how the escape was performed (with or without news).

We inform also that, if you have any questions, during any stage of the Event, you should consult the Expo Center Norte fire department or the firemen/inspector team hired by the ORGANIZER, who may answer questions about the official escape routes, secondary aisles and safety and escape procedures.

GENERAL STANDARDS

1 - EXHIBITORS' CHARACTERIZATION

Only national and international companies that are manufacturers or exclusive representatives/retailers of products and/or services that fit the Event descriptions and other specifications contained herein may engage the Event.

2 - AREA REDISTRIBUTION

Although only in extreme instances, at any time, for the sake of everyone, the ORGANIZING COMPANY may redistribute the sectors or booths, provided that the dimensions and characteristics set forth in contracts are respected, by informing EXHIBITORS in advance.

3 – NON-TRANSFERABILITY

EXHIBITORS may not transfer, in whole or in part, any liabilities assumed or rights acquired, nor sublease, assign or transfer any portion of the area rented.

4 – PROHIBITION OF THIRD PARTY PROMOTION

Marketing, advertising or promotion of any other events in the Pavilion will not be allowed. Failure to comply with the above will entitle the ORGANIZING COMPANY to collect to its deposit, for later return, the products and materials that caused the non-compliance, as well as to shut down the booth.

5 - COOPERATIVE ASSOCIATION BOOTHS

The cooperation between companies to participate at FIPAN is understood by the ORGANIZING COMPANY, as certain companies rely on companies' cooperation to showcase or exhibit products.

HOWEVER, WE REMIND YOU THAT COMPANIES SUPPORTING EXHIBITORS ARE ALLOWED SOLELY TO HAVE THEIR BRAND NAME ON THE PACKAGING OF PRODUCTS GIVEN TO EXHIBITORS, OR ON TAGS OF EQUIPMENT PROVIDED FOR SUCH PURPOSE, EXACTLY AS THEY NORMALLY LEAVE FactORIES FOR INSTALLATION AT SALE POINTS OR INDUSTRIAL PLANTS.

EXHIBITORS, responsible for the area leasing, should inform companies that support them in any manner, that it is strictly prohibited:

- To distribute or display brochures, leaflets, stickers, posters or any type of product sales or promotion ware;
- To wear uniforms with brands other than those representing products of the booth owner;
- To showcase, on any media inside the booth or the Pavilion, brand names other than EXHIBITORS' own products.
- To keep salespersons from partner companies, or other companies other than EXHIBITORS, working in your booth.

THE EVENT ORGANIZATION WILL BE ATTENTIVE AND IF ANY OF THE ACTIONS ABOVE ARE FOUND, THE EXHIBITOR RESPONSIBLE FOR THE AREA WILL BE GIVEN A 2-HOUR WRITTEN NOTICE TO COMPLY WITH THIS STANDARD. IF THE CORRECTIVE ACTIONS REQUIRED ARE NOT TAKEN, EXHIBITORS WILL INCUR A PENALTY OF R\$ 3,500.00 (THREE THOUSAND FIVE HUNDRED REAIS) AND THEIR BOOTH WILL BE SHUT DOWN.

Therefore, in order to avoid inconveniences such as material seizure and people removal from the Event, or even a booth shutdown, we ask everyone to comply with this standard thoroughly.

6 – EXHIBITION OF USED PRODUCTS

The ORGANIZATION of the event will allow the exhibition/sale of used equipment, as long as it is in perfect condition and with the presentation of a technical report attesting to such conditions, as well as offering the visiting buyer a guarantee of after-sales service.

7 – HOLDING COMPANIES, GROUPS AND ASSOCIATED COMPANIES

When EXHIBITORS are a Holding Company, a member of a business group or when it has associated companies, they may present products from the other companies, provided that they advise the ORGANIZING COMPANY on their relationship, providing proof of the connection between them.

8 – SALES REPRESENTATIVES AND TRADING COMPANIES

When EXHIBITORS are a sales representative or trading company, they may only present products of their exclusive representation, and they will be required to advise the ORGANIZING COMPANY on their relation with these represented companies, providing proof of existing exclusivity agreements.

9 – LATE PAYMENTS

EXHIBITORS, Assemblers and/or other service providers who have payments due shall be obliged to immediately settle their debts towards the ORGANIZING COMPANY, in order to be able to obtain clearance of the area meant for assembly/decoration of their booths, whether these commitments are related to contractual installments or installation and service fees. **Without proof of payment, participation in the Event will be prohibited.**

10 – DEMOS/CLASSES WITH AUDIO AND/OR VIDEO

**SOUND DEMONSTRATIONS WITH AUDIO/VIDEO EQUIPMENT INCONSISTENT WITH WORKS PERFORMED AT A TRADE FAIR ARE STRICTLY PROHIBITED.
EVEN INSIDE THE BOOTHS, AUDIOS SHALL NOT BE LOUD, SO AS NOT TO DISTURB OTHER EXHIBITORS.**

For the use of any audio and/or video resources, whether for demonstrations/classes or just ambient audio, **sound levels may not exceed 80 decibels, measured at the boundary perimeter of the booth where the audio comes from.** During the Event, we will have devices to measure the noise level.

Loudspeakers must be installed within a minimum distance of 1.50 m from booth boundaries, facing inwards. POSITIONING LOUDSPEAKERS TOWARDS VISITOR CIRCULATION AREAS (AISLES) IS STRICTLY PROHIBITED.

EXHIBITORS WHO EXCEED THE DETERMINED VOLUME WILL RECEIVE ONE (1) WRITTEN NOTIFICATION. IF THE EXHIBITOR DOES NOT COMPLY WITH THIS DETERMINATION AFTER NOTIFIED, THE ORGANIZATION WILL APPLY A FINE OF THREE THOUSAND AND FIVE HUNDRED REAIS (R\$ 3,500.00) AND THE OPERATION OF BOOTH WILL BE SUSPENDED THROUGH POWER CUT. THE BOOTH OPERATION WILL BE RELEASED AFTER PAYMENT OF THE REFERENCE FINE ON THE EVENT'S CAEX.

IF THE EXHIBITOR BREACHES THIS RULE AGAIN, THE ORGANIZATION WILL ONLY ALLOW THE BOOTH TO OPERATE PROVIDED THAT ALL SOUND/IMAGE EQUIPMENT IS REMOVED.

***Failure to sign the notification does not imply the exhibitor's disagreement.*

11 - DEMOS/CLASSES/GIVEAWAYS THAT CAUSE A REACTION FROM THE VISITOR/SPECTATOR

It is expressly prohibited for the EXHIBITOR to provoke excessive reactions from the visitor/spectator such as: shouting, repeating slogans, etc.

EXHIBITORS WHO NOTICELY CAUSE EXCESSIVE REACTION FROM VISITORS/SPECTATORS WILL RECEIVE ONE (1) WRITTEN NOTIFICATION. IF THE EXHIBITOR DOES NOT COMPLY WITH THIS DETERMINATION AFTER NOTIFIED, THE ORGANIZATION WILL APPLY A FINE OF THREE THOUSAND AND FIVE HUNDRED REAIS (R\$ 3,500.00) AND THE OPERATION OF BOOTH WILL BE SUSPENDED THROUGH POWER CUT. THE BOOTH OPERATION WILL BE RELEASED AFTER PAYMENT OF THE REFERENCE FINE ON THE EVENT'S CAEX.

***Failure to sign the notification does not imply the exhibitor's disagreement.*

IF THE EXHIBITOR BREACHES THIS RULE AGAIN, THE ORGANIZATION WILL CUT THE POWER WITHOUT PRIOR NOTICE AND THE BOOTH WILL BE PREVENTED FROM OPERATING.

12 – EQUIPMENT DEMONSTRATION

The ORGANIZING COMPANY may suspend the equipment demonstration which, in its sole discretion, may pose risk to persons, goods, structures and booth elements, or which produce a high level of noise or vibration, which may disturb the operation of neighboring booths.

13 - ARTISTIC ACTIVITIES (CONCERTS, PARADES, LIVE MUSIC)

The performance of shows, parades, live music, LED panel, etc., will be allowed inside booths **solely when the rented area is 250 m² or more** and if it complies with standards contained in items 10 and 11 and specific assembly standards and opening hours of the Event, for which the sale of tickets or any type of charge is prohibited. [The action description/schedule must be sent by July 3 to the email: exponent@fipan.com.br](mailto:expositor@fipan.com.br) for review by the ORGANIZATION.

14 – PRODUCT TASTING / QUEUES

The EXHIBITOR must respect the fluency of visitor traffic in the circulation areas, as well as the visualization and access to the EXHIBITOR booths around it, paying attention to queues/crowding caused by product tasting actions.

THE ORGANIZATION WILL STOP THIS TYPE OF ACTION IF THE ABOVE PROVISIONS ARE NOT FOLLOWED.

WE STRONGLY REQUEST THAT EXHIBITORS' AND ASSEMBLERS' DESIGNS SPECIFY A MARKED AREA FOR POSSIBLE QUEUES.

15 - THROWING GIFTS AND/OR PROMOTIONAL WARE

IT IS STRICTLY PROHIBITED TO THROW GIFTS/PRODUCTS TO VISITORS, WHETHER THEY ARE ON THE EVENT ROADS OR IN THE BOOTH INTERNAL AREA, UNDER PENALTY OF IMMEDIATE ACTIVITY SUSPENSION, UPON ONE (01) NOTIFICATION, SUSPENSION OF ELECTRIC POWER TO THE BOOTH AND PAYMENT OF A PENALTY OF R\$ 3,500 (THREE THOUSAND FIVE HUNDRED REAIS).

***Failure to sign the notification does not imply the exhibitor's disagreement.*

Distribution of gifts, samples, brochures, catalogs, etc., outside the booth boundaries, that is, at the event aisles, is strictly prohibited, and the ORGANIZING COMPANY shall be entitled to stop distribution activities at any time. Within the boundaries of the booth, distribution can be done without causing disturbances or crowding and/or excessive reaction from the visitor/spectator.

16 – MERCHANDISING ACTIONS

Any form of promotion carried out outside the booth limits, in the fair aisles, will be considered merchandising by the ORGANIZATION.

For an EXHIBITOR to carry out this type of action during the event, prior contracting of a merchandising package is required.

EXHIBITORS interested in increasing the exposure of their brand should contact the FIPAN commercial team to learn about the available options.

Any communication action outside the booth limits that has not been previously contracted will be considered irregular and suspended by the ORGANIZATION.

Note: Any type of merchandising action in the lobby, marquee, or stairways will not be authorized.

17 – PROMOTERS WEARING COSTUMES

Promoters wearing costumes may stay only within booth internal area.

In case a promoter needs to leave, he/she shall take his/her costume off, being not allowed, under any circumstances, to approach and give away leaflets outside booth boundaries.

FAILURE TO COMPLY WITH THIS STANDARD WILL RESULT IN ONE (01) NOTIFICATION BY THE ORGANIZING COMPANY AND A PENALTY PAYMENT OF R\$ 3,500,00 (THREE THOUSAND FIVE HUNDRED REAIS).

If the exhibitor wishes to carry out actions such as costumed promoters, flyer distribution, sampling, or any other promotional activity outside the booth limits, a merchandising package must be contracted by e-mail merchandising@fipan.com.br

18 – CELEBRITIES' PARTICIPATION

EXHIBITORS who wish to invite celebrities of great impact/relevance in the media such as actors/actresses, TV hosts, renowned chefs, prominent influencers on social media, etc. to participate in their activities **shall be subject to the approval of the Event Organizing Company, with a written description, 20 days (maximum) prior to starting the assembly (June 26th)**,

detailing all actions to be taken, date and time of arrival and departure of celebrities. The document should emphasize that it EXHIBITORS will be in charge for a trained security team in order to protect the integrity of the participant, the Event visitors, their booth and other neighboring booths where the performance will be held, according to the Event ORGANIZING COMPANY guidelines (total manpower).

19 – EQUIPMENT PRODUCING GASES/SMOKE

The production of any type of smoke will not be allowed inside the pavilions, **including frying stoves**. Thus, any equipment, regardless of size, and consequent actions that may release gases or smoke inside the pavilions, will only be allowed when the location of such equipment allows the installation of special exhaustion equipment with the discharge of gases/smoke in an external area.

EXHIBITORS wishing to use equipment that produce gases/smoke must notify the Organization in writing 15 days before the start of assembly (July 1st) for analysis and possible approval by Expo Center Norte.

We previously emphasize that such approval will initially follow some assumptions:

- The exhaust system must be dimensioned and calculated for a flow of 100% of the gases/smoke produced and directed to the external area.
- The exhaust system must have piping to direct the gases/smoke to the outside area. The piping cannot cross and/or interrupt the working area of the smoke screens.
- A detailed design - floor plan, section and view - of the exhaust system, respective ART and technical certificates for analysis by Expo Center Norte must be presented.

20 – TASTING OF ALCOHOL

Please be advised that distribution/tasting of alcohol will **not** be allowed prior to 4:30 pm.

We also remind that distribution of alcohol to minors of 18 is strictly prohibited.

SETUP GUIDELINES

The Representatives of Labor Prosecution Office and the Ministry of Labor will be supervising the Event during assembly, the Event itself and dismantling. In order to avoid disturbances and/or interruption of works, we recommend compliance with all labor standards, including the utilization of PPEs.

1 - REGISTRATION OF ASSEMBLER AND OTHER SERVICE PROVIDERS

Assemblers and other service providers from EXHIBITORS shall be registered by means of operational forms meant for this purpose.

The requested credentials will be delivered at the Pavilion, at the beginning of assembly, on July 16, starting at 12:00 pm, upon submission of a company document and proof of payment of all required fees (city government, power, credentials, cleaning) duly signed copy of an ART or RRT (technical responsibility registration/annotation) by qualified professionals and purchaser, copy of approved design and Liability Term

ATTENTION:

INSTRUCT YOUR ASSEMBLERS TO KEEP AN OFFICIAL PHOTO DOCUMENT ALWAYS IN HAND WHEN ENTERING AND LEAVING THE PAVILION, AS THIS WILL BE REQUIRED.

2 - PREPARATION OF THE BOOTH DESIGN

EXHIBITORS may, at their discretion, commission the official assembler or any other assembler of their choice. However, whether the official assembler or not, such assembler shall send by June 26 to the following e-mail address: projeto@fipan.com.br the design to be executed as follows:

- PDF file;
- Floor plan area sizes;
- Elevation and perspective views;
- Booth assembly type specification: basic, mixed or built;
- Readable name of the qualified professional responsible for the design (architect and/or engineer) and his/her CAU or CREA (Brazilian Architect/Engineer Association) registration number;
- Copy of Construction Design RRT (issued by an architect) or ART (issued by an engineer) with its respective proof of payment of technical responsibility for: design, assembly, maintenance and disassembly;
- Copy of the CREA/CAU of the technical person in charge.

The Organizing Company shall refuse any design that is not compliant with the standards described herein, and if changes are required, they should be made within the requested specifications.

AFTER JUNE 26, DESIGNS FOR APPROVAL WILL NOT BE RECEIVED. DESIGNS WILL NOT BE ACCEPTED FOR APPROVAL AT THE PAVILION.
THE ORGANIZING COMPANY RESERVES THE RIGHT TO PREVENT ANY ASSEMBLY WORKS THAT ARE NOT COMPLIANT WITH THE SPECIFIED STANDARDS AND/OR THAT ARE NOT IN ACCORDANCE WITH THE APPROVED DESIGN.

We also inform that the supervisory agencies for this type of activity (CONTRU, CREA and FIRE DEPARTMENT) will be present in the Pavilions and they have the authority, at any time, to stop assembly works that are not in accordance with the Event standards.

ART OR RRT OF EXECUTION AND STATEMENT OF RESPONSIBILITY

The stand assembly may only begin after the project has been approved by the Responsible Architect of FIPAN, as well as the presentation of the RRT (Technical Responsibility Record) or ART (Technical Responsibility Note) signed, and the Statement of Responsibility signed by the contractor/assembler and the EXHIBITOR.

Each RRT or ART corresponds to one (1) contract, meaning that for each assembly contract, there must be a corresponding RRT or ART issued, regardless of the area or contract value.

CORRECT COMPLETION OF ART/RRT

All projects must be accompanied by an ART or RRT for Project and Assembly Execution and an ART or RRT for Electrical Installations, paid by the technical responsible (CREA-SP / CAU).

The ART or RRT must be completed following the guidelines below:

ART – ACTIVITY 3 – Work and Service

Data RRT – ACTIVITY 3.1 – Service 001 – Start date and estimated end date – July 17 to July 27, 2025

RRT – ACTIVITY 3.1.1 – Address of the Work/Service

Rua José Bernardo Pinto, 333 – Vila Guilherme – SP – 02055-000

Additional: indicate the pavilion where your area is located.

ART – ACTIVITY 4 – TECHNICAL ACTIVITY

Execution 1

Execution of assembly of temporary building – number of square meters and the unit being square meters.

Execution of low-voltage electrical installations for commercial purposes – number of kVA and the unit being kilovolt-ampere.

RRT – ACTIVITY 3.1.2 – Technical Activity(s)

GROUP: EXECUTION

Activity 2.1.3 – Execution of ephemeral building or ephemeral installations – number of square meters and the unit being square meters.

GROUP: EXECUTION

Activity 2.5.7 – Execution of low-voltage building electrical installations – number of kVA and the unit being kilovolt-ampere.

ART – ACTIVITY 5 – Observations

RRT – ACTIVITY 3.1.4 – Description of the Work/Service

In this field, in addition to the name of the stand, it should describe:

Design, assembly, maintenance, and disassembly of (brief description with main dimensions or quantities), from July 17 to July 27 for FIPAN to be held in the (mention the color of the pavilion) pavilion of Expo Center Norte.

Printing of RRTs or ARTs is only allowed after the corresponding payment is made, so we emphasize that there will be no time for issuance at the time of assembly.

THE RRT OR ART IS ONLY VALID AFTER REGISTRATION WITH CREA OR CAU. THEREFORE, DRAFT RRT OR ART WILL NOT BE CONSIDERED VALID EVEN WITH THE PAYMENT RECEIPT.

Note: The authenticity of the project is the sole responsibility of the exhibitor and the company assembling the stand."

3 – DOCUMENTS FOR ASSEMBLERS TO SUBMIT IN ORDER TO ENTER THE PAVILION

In order to receive the area meant for the booth assembly, assemblers/decorators shall submit the documents below at the Event CAEX.

- Liability Term signed by the assembler/EXHIBITOR;
- Cleaning during assembly fee payment receipt;
- Assembler/decorator credentials and maintenance service credentials (during performance) payment receipt. Filling in the respective forms with the name, SSN and position of the employees who will provide services during the assembly, realization and dismantling of the Event;
- Copy of construction design RRT or ART.
- **Insurance policies on civil liability and various risks for employees, materials and equipment that will be used during the assembly, duration and dismantling of the Event.**

Insurances should be sufficient to cover damage to the Pavilion or to third parties in the areas rented by EXHIBITORS, where assemblers will be performing the assembly services.

THE LACK OF AN INSURANCE POLICY OR INEFFICIENCY IN COVERING THE AFORESAID RISKS WILL IMPLY FULL RESPONSIBILITY OF EXHIBITORS AND ASSEMBLERS TOWARDS THE ORGANIZING COMPANY, FOR ALL LOSSES THAT OCCURS, AND THEY SHALL COMPENSATE AND REINSTATE ALL DAMAGES.

4 – USE OF THE PAVILION

Under no circumstances may the pavilion floor be marked, painted, drilled or excavated by EXHIBITOR/ASSEMBLER.

It is prohibited to support, tie or hang any booth component or products exposed to the pavilion structure, roof, columns, fire piping and walls. It is also prohibited to drill or paint these elements.

5 – ELECTRIC EQUIPMENT

It is strictly prohibited to use chain saws, round saws, painting compressors and electric sanders inside the Pavilion.

Assemblers with wooden booths or elements should bring pre-cast, plastered, sanded and painted parts to the pavilion.

UNDER NO CIRCUMSTANCES WILL THE MANUFACTURING OF PORTIONS OF BOOTHS BE ALLOWED INSIDE THE PAVILION, UNDER PENALTY OF SHUTTING DOWN THE CONSTRUCTION WORKS.

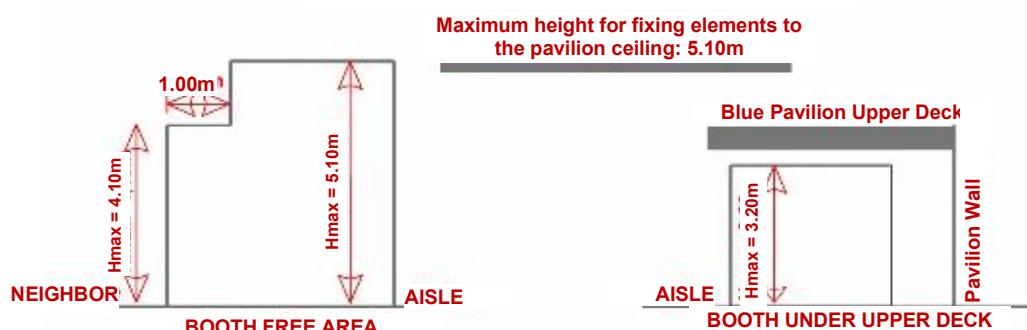

Adjacent aisles and booths may not be used for disposal of materials, tools and products to be installed in a booth.

All operations shall be performed exclusively within the boundaries of EXHIBITORS' booths.

All works with greases, paints, corrosive materials, powders and liquids should be performed by using appropriate containers inside the booth, avoiding damage to people, the Pavilion and neighboring booths.

6 – HEIGHT THRESHOLDS

SETBACKS AND HEIGHTS

UP TO 4.10 M – NO SETBACK

FROM 4.11 m TO 5.10 m – 1.00 m SETBACK

*** HEIGHT FROM PAVILION FLOOR**

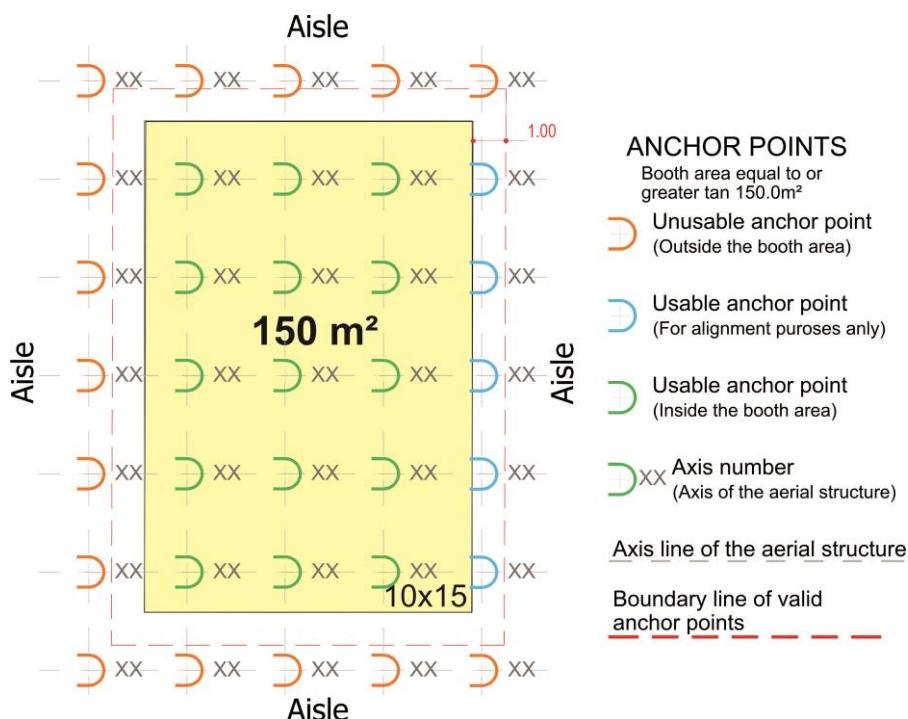

SETBACK IS REQUIRED ONLY FOR THE CONSTRUCTION OF WALLS FACING NEIGHBORING AREAS (IRRESPECTIVE OF BOOTH CONFIGURATION, FOR INSTANCE: INLINE, PENINSULA AND CORNER BOOTHS).

7 - NO UPPER DECK BOOTHS ARE ALLOWED

8 – FIXING OF AERIAL STRUCTURES ANCHORED TO THE CEILING OF THE PAVILIONS COMPLEMENTARY TO THE STAND PROJECT – ONLY ALLOWED FOR STANDS WITH AN AREA OF 150m² OR MORE.

Anchoring of aerial structures to the pavilion ceilings will only be authorized under the following rules:

- 1. Areas rented for booths with a floor space equal to or greater than 150.0 m².**
- 2. Only aerial points that are 100% within the rented area may be used.**
- 3. Exceptionally, aerial points outside the rented area may be authorized, up to a maximum distance of 1.00 m from the area boundary, to align the structure being anchored.**
- 4. Points outside the rented area will not be included in the total available load for anchoring.**

- 5. Anchoring of structures for LED panels to the pavilion ceilings will not be permitted.**
- 6. Components to be anchored to the pavilion ceilings must be manufactured and structured in metalwork (metal frame) with enclosures made from free-choice materials.**
Components made from carpentry/woodwork will not be allowed for anchoring.
- 7. For booths using aerial points (areas equal to or greater than 150 m²), it is mandatory to provide an Insurance Policy as described below, covering the entire event period, July 16 to 26, 2026:**

Civil Liability

 - **Personal Accident**
 - **Installation, Assembly, and Dismantling**
The policy must be sent to projeto@fipan.com.br
- 8. Aerial elements included in the project must be listed in the project and execution RRTs/ARTs of the booth.**
- 9. For projects involving the elevation of aerial structures that comply with the above rules, it is necessary to contact Expo Center Norte, responsible for cable rentals, for analysis, information, costs, and required documentation.**

Eunice Pinheiro

Email: atendimento@estruturas-aereas.com.br

55 (11) – 3865-1197 /55 (11) -96191-2900

9 - ASSEMBLY OF ISLAND OR PENINSULA BOOTHS LARGER THAN 30 m² SHALL COMPLY WITH THE FOLLOWING RULES:

Visibility

Stands with an area of 30m² or more (ISLANDS, ISLAND ENDS, AND CORNERS) may not, under any circumstances, obstruct the visibility of any side facing circulation areas in its entirety.

It is mandatory to leave 50% of the linear footage of each side facing the circulation areas open.

In the opening area (50% visibility), glass windows or displays will be accepted, facing the circulation areas, and glass walls or similar materials with total transparency, with a safety strip (adhesive, graphics, logos, etc.) up to a maximum height of 10 cm or up to 1.00 m from the pavilion floor.

Within the 50% visibility area, above 1.00 m in height from the pavilion floor, it is prohibited to place strips, translucent images, or frosting.

Any architectural elements in the form of panels, pillars, chains, hoses, horizontal or vertical "brise" type elements must have the total gap area within these 50%.

The Organization may veto the project approval for assembly if the visibility rule is not met.

Partition walls

It is mandatory to build partition walls within the boundaries between your area (but within it) and neighboring areas. The minimum height shall be **2.7 m** from the Pavilion floor, up to a maximum height of **5.10 m**, in accordance with the respective height setback all around the booth perimeter.

EXHIBITORS should give a quality finish on the face towards its neighbors or circulation areas, from a height of **2.20 m** from the Pavilion floor. For areas facing towards neighboring booths, finish should be white.

Half-body walls (up to 1.10 m tall), with or without a fascia above 2.20 m, do not require a 0.50 cm setback from the aisle.

Glass walls

Glass walls must be constructed from tempered or laminated glass, following the setback table set by the ORGANIZER.

The panels must be marked with safety tape (adhesive, graphics, logos, etc.) during the assembly and disassembly periods to prevent accidents.

Legal requirements, Fire Department regulations, and the NBR standards No. 7,199, 14,697, and 14,698 from ABNT must be observed. The use of glass panels requires the presentation of ART (Technical Responsibility Note) or RRT (Technical Responsibility Record) and a manufacturing certificate (material certification).

Branding, images, interactive panels, LED panels

It is not allowed for stands, island ends, or corners to use branding, images, interactive panels, or LED panels facing neighboring stands.

The maximum height for walls made with single glass panels is 3.00m, and these must have emergency signage. Above this height, only walls made with glass panels that have a security film application, such as Insulfilm, or walls made with panels/sheets of polycarbonate, acrylic, laminated glass, or tempered glass will be allowed.

For glass panels with Insulfilm application, the presentation of a Technical Certificate ensuring that the glass will not shatter in case of breakage is mandatory.

Any and all components from booths, faced towards neighboring areas, as well as towards main or cross aisles, will only be allowed if their finish has the same quality as the booth front.

Any and all openings in the booth for fitting LED, TV panel, Giant screen and others, should be properly caulked.

Note:

For all booth configurations, whether they are: inline, corner or peninsula booths, it is mandatory to build/assemble walls/panels to mark the border of your area. At wall back portions, if the neighboring area is at a standard height of 2.20 m, it is mandatory to paint a neutral finish (white color) at the same quality level as the constructed allowed height (4.10 m).

10 – BOOTHS WITH CLOSED ENVIRONMENTS

ALL BOOTH DESIGNS THAT HAVE CLOSED ENVIRONMENTS SHALL INCLUDE EMERGENCY EXITS. BOOTHS WITH AN AREA LARGER THAN 100 m² SHOULD HAVE ENTRANCE, EXIT AND EMERGENCY DOORS WITH OVERHEAD AND FLOOR SIGNAGE, INDICATING ESCAPE AREAS. AS FOR LECTURE THEATERS, THE NUMBER OF EMERGENCY EXITS SHOULD BE CONSISTENT WITH THE NUMBER OF SEATS PROVIDED.

11 – BOOTHS BELOW UPPER DECK OF PAVILION

BOOTH LOCATED IN WHOLE OR IN PART BELOW THE UPPER DECK OF THE GREEN AND BLUE PAVILONS SHOULD HAVE A MINIMUM HEIGHT OF 2.70M AND A MAXIMUM HEIGHT OF 3.20M.

FOR EXHIBITORS WHO ARE SETTING UP THEIR BOOTHS IN THIS PAVILION SECTOR, WE RECOMMEND PERFORMING A TECHNICAL VISIT.

12 - BOOTHS WITH COLUMNS

- Booths with plain columns (without water/fire equipment) in their areas may only be sided leaving at least 0.10 m away from each side of columns.
- Booths with columns and Pavilion equipment (staircases and others) may only be sided with a minimum clearance of 1.00 m from the equipment and leaving an access door.
- Booths with columns and fire hydrant installed inwards the area cannot be sided or obstructed, leaving free and direct access.
- Booths with building extinguishers installed inwards or in columns inside the exhibition area may only change their original position as to the column face after consultation and approval by the Expo Center Norte and the Event ORGANIZING COMPANY.

ATTENTION: DESIGNS THAT ARE NOT APPROVED BY THE ORGANIZING COMPANY WILL NOT BE RELEASED FOR EXECUTION, INCLUDING FIXATION OF AERIAL STRUCTURES WITH THE APPROVAL OF EXPO CENTER NORTE

13 - AREAS WITH DEMO, COURSES AND/OR TASTING SESSIONS AND SHOPS

Booth, island, peninsula, corner or inline designs that include rooms for demonstration, training and/or tasting shall necessarily have a 1.00 m setback from the aisle for these rooms.

The design must delimit the location of this type of action.

THE ORGANIZATION WILL INSPECT THE ASSEMBLING OF THE STAND, AS WELL AS THE ACTIONS PERFORMED DURING THE EVENT AND IF THIS RULE IS NOT FOLLOWED, THE ORGANIZATION RESERVES THE RIGHT TO SUSPEND THE ASSEMBLY OR ACTION DURING THE EVENT UNTIL IT IS COMPLIED WITH.

SHOPS SHOULD PLACE CASHIERS FACING TOWARDS THE BOOTH INSIDE OR BACK.

DESIGNS WITH CASHIERS FACING TOWARDS THE CIRCULATION AISLES, BY THE AISLE, WILL NOT BE APPROVED.

IF THEY ARE BUILT, THEY WILL BE PREVENTED FROM OPERATING UNTIL SUCH ADJUSTMENT IS MADE.

14 – PLUMBING

In order to comply with Exhibitors' requests regarding the availability of water taps and sewage drains, raised floors will be required for all basic, decorated or special assemblies.

15 – ELECTRICAL WIRING

Electrical wiring shall be properly installed, finished, insulated and embedded, and only double-shielded cables may be used. Please note that failure to comply with this standard will cause construction to be suspended until compliance is achieved.

THE USE OF SOCKET STRIPS, TEES AND ANY KIND OF EXTENSION FOR THE CONNECTION OF APPLIANCES IS STRICTLY PROHIBITED. THE ORGANIZING COMPANY RESERVES THE RIGHT TO PREVENT THE OPERATION OF THE BOOTH UNTIL THIS STANDARD IS COMPLIED WITH.

16 - BOOTH GROUNDING

EXHIBITORS and assemblers are required to ground booths made of metallic structure, whether it is made of iron or aluminum, by connecting it to the ground wire near the power inlet, in order to prevent electric shocks.

17 – MASONRY CONSTRUCTION

Any constructions (floors, walls, etc.) in masonry or similar are prohibited.

18 – AERIAL GATE BETWEEN BOOTHS

An aerial gate between booths is considered merchandising by the ORGANIZATION and must be contracted through the event's commercial department.

After contracting, it will only be authorized following analysis by the ORGANIZER and Expo Center Norte, and must comply with the following rules:

- a) Air communication will only be allowed for booths over 70 m²
- b) The 4 m width of aisles should not be obstructed or reduced.
- c) The free ceiling height under the portal frame should be at least 4 m.
- d) After the design approval, a copy of the structural calculation, of the assembly and construction RRT or the design and assembly ART for the upper decks and portal frame and aerial visual communication shall be sent.

19 - HORIZONTAL PROJECTION OF BOOTH

The horizontal projection of any assembly element and decoration of exposed products should be completely contained within the booth area boundaries.

Projections on neighboring booths or on circulation aisles will not be allowed, except for illuminated logo signs, provided they are placed at a minimum height of 2.30m.

20 – RULES FOR FINISHING

Every decorative element or fascia should have finishing works on both sides, either on the border of neighboring booths or on the border of cross aisles. There will be exceptions only for booths located at the Pavilion outer perimeter.

21 – FLOOR

The Pavilion has a special floor. Booth assembly should be performed on top of some protection, and the use of glue is not allowed. **When using tapes to attach carpets to the floor, it is mandatory to use the following: 3M TAPE ref..4880 or 4890 or Adere double-sided tape code 462.** All tapes used should be removed after the Event without damaging the floor.

IT IS STRICTLY PROHIBITED TO USE GLUE ON THE PAVILION FLOOR SO AS TO FIX CARPET OR ANY OTHER KIND OF MATERIAL. IN THE EVENT OF DAMAGE TO THE PAVILION FLOOR, THE ORGANIZING COMPANY RESERVES THE RIGHT TO TRANSFER ANY COSTS TO EXHIBITORS/ASSEMBLERS.

ANY HEAVY MACHINERY AND/OR EQUIPMENT SHOULD BE MENTIONED IN THE BOOTH FLOOR PLAN (WITH ITS WEIGHT CLEARLY SPECIFIED) AND BE ASSEMBLED IN THE SPECIFIED LOCATION, ANY WITHOUT LAST-MINUTE CHANGES ALLOWED.

22 – AIR CONDITIONING

All Expo Center Norte pavilons have their own air conditioning system.

So as to ensure proper operation of the system, EXHIBITORS shall comply with the following guidelines:

a) Booths may not have their own air conditioning equipment, as the hot air exhaust from them would impair the performance of the Pavilion air conditioning system.

All booths should be built without ceilings in order to benefit from the Pavilions' air conditioning system.

b) In case of lecture theaters that technically require ceilings, the Pavilion air ducts should be extended so as to throw conditioned air into the lecture theater.

THIS PROCEDURE SHOULD BE PERFORMED SOLELY BY THE COMPANY RESPONSIBLE FOR EXPO CENTER NORTE AIR CONDITIONING SYSTEM, WHO SHOULD SUBMIT A QUOTE FOR EXHIBITORS' APPROVAL.

23 – LIGHT SIGNAGE

Under no circumstances may light signage, ballasts and components be placed against the assembly.

Light signage will be allowed in the inside area, provided that they are fully shielded and do not pose any risk to persons.

24 – LIGHTING

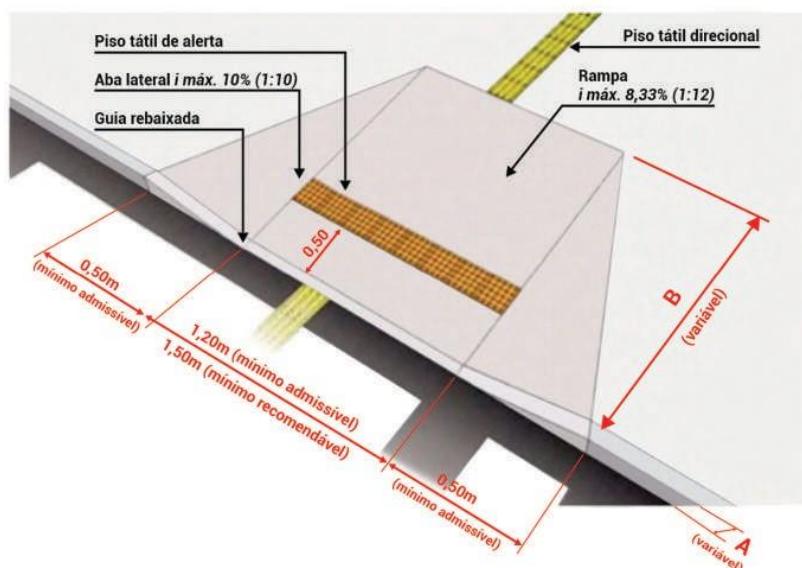

It is mandatory to use lamps with LED technology in the booth, since in addition to avoiding accidents, they generate less impact on energy costs.

NO INCANDESCENT, FLUORESCENT AND/OR HALOGEN LAMPS WILL BE ALLOWED.

25 – ACCESS RAMPS

All booths must have an access ramp for people with special needs (NBR 9050/94, ABNT). It is mandatory to indicate the location in the design, as well as the specifications of the ramp.

- **STANDARD ASSEMBLY BOOTHS** - The ramp must be at least one meter (1m) long by one meter (1m) wide and 10 centimeters high for the passage of a wheelchair, starting from the pavilion level (0.00m). If the ramp floor is finished with a sliding material, it will be mandatory to install an anti-slip strip.
- **FREE AREA BOOTHS** – The ramp must be one meter (1m) long by one meter (1.20m) wide, with side chamfers of 0.5m starting from the pavilion level (0.00m). If the ramp floor has a sliding material finish, it will be mandatory to install an anti-slip strip, as shown in the image below:

26 – GARDENS AND PLANTS

Gardens, flowers and ornamental plants will be allowed when contained in vases, crates or other containers, provided that no soil or stones are used to install gardens on site.

27 – CIRCULATION AISLES

It is absolutely prohibited to store materials, tools, boxes or products on aisles. All operation shall be within booth boundaries.

CORRIDORS WITH A WIDTH OF 2.00 M OR LESS, INTENDED FOR ACCESS TO SERVICE AREAS AND/OR RESTROOMS, ARE NOT REGARDED AS CIRCULATION AISLES, AND THE APPLICATION OF IMAGES IS NOT ALLOWED.

LOGOS, OR ANY DISPLAY ELEMENTS (WINDOWS, DISPLAY, PARTIAL OPENINGS), FACING THIS ACCESS.

THE FINISH PAINT OF THESE PANELS SHOULD BE WHITE IN THE SAME TREATMENT GIVEN TO PANELS FACING INWARDS BOOTH AREA.

AREAS BORDERING SERVICE CIRCULATION CORRIDORS ARE REGARDED AS CLOSED AREAS.

28 – CONSTRUCTION SHUTDOWN

The ORGANIZING COMPANY has the right to shut down the construction/decoration works of a booth, if they are not compliant with the General Standards described herein, and to request proper adjustment.

TO AVOID SUCH INCONVENIENCE, PLEASE SUBMIT YOUR DESIGN FOR APPROVAL UNTIL JUNE 27 TO: projeto@fipan.com.br

29 – SERVICE SUPPORT AND MAINTENANCE DURING THE EVENT

The commissioned assembler is responsible for any type of maintenance and/or assistance to clients (EXHIBITOR) during assembly, the Event itself and dismantling, and the Official ORGANIZING COMPANY or Assembler shall not be held liable for any problems that may occur in the booths.

30 – ASSEMBLY COMPLETION

Booth assembly works should be completed until July 20 – 10:00 pm.

On July 20 (day before the Event opening), from 8:00 a.m. to 5:00 p.m. will be the time for finishing/decoration; after 5:00 pm, the Pavilions' doors will be closed for the ORGANIZING COMPANY to start the Event preparation services.

After this time, only internal decoration finishing works will be allowed, provided that they do not produce any dirt.

NO MATERIAL OR SCRAPS MAY BE PLACED IN THE EVENT AISLES.

ATTENTION:

A LATE HANDOVER FINE OF R\$ 5,000.00 (FIVE THOUSAND REAIS) PER HOUR WILL BE CHARGED FROM EXHIBITORS/ASSEMBLERS WHO DO NOT COMPLY WITH THE SPECIFIED HOURS. THE BOOTH WILL BE EMBARGOTED UNTIL THE FINE IS PAID AT CAEX.

COMPANIES COMMISSIONED FOR THE ASSEMBLY AND/OR DECORATION OF BOOTHS WILL BE RESPONSIBLE FOR REMOVAL OF SCRAPS AND NON-USED MATERIAL.

THE ASSEMBLER/DECORATORS/EXHIBITOR WHO DEPOSITS MATERIAL FOR DISPOSAL ON THE STREETS WILL BE NOTIFIED AND, IF THEY DO NOT PROVIDE IMMEDIATE COLLECTION, A FINE OF TWO THOUSAND REAIS (R\$ 2,000.00) WILL BE CHARGED, WHICH MUST BE PAID AT CAEX.

BASIC ASSEMBLY MODELS OFFERED BY THE OFFICIAL ASSEMBLER

1 - BASIC ASSEMBLY BOOTHS

MODEL: BASIC ASSEMBLY 1

MODEL: BASIC ASSEMBLY 2

MODEL: BASIC ASSEMBLY 3

2 – OFFICIAL ASSEMBLER'S DETAILS

Phone: +55 11 3389-1800

Cell: +55 11 94020-7130

Contact: Paula Soncin"

e-mail: operacional@projetandoeventos.com.br

EXHIBITORS ARE NOT ALLOWED TO USE SPACES WITHOUT THE PROPER ASSEMBLY OF AT LEAST ONE BASIC BOOTH.

3 – REQUESTS FOR EXTRAS IN ANY OF THE MODELS ABOVE

Orders will only be met, subject to material and labor availability, if requested by June 26. Any changes requested after this date will be regarded as additional services and will incur extra charges.

4 – ADDITIONAL SERVICES

Additional services of assembly decoration will be performed only by PROJETANDO EVENTOS, official event assembler and owner of the material used for basic assembly booths, according to its availability. Other companies will not be allowed to do this work.

5 – MATERIAL FIXATION

Promotional material, portraits or decorative objects may only be attached to walls of booths with **nylon cords**.

Nails, thumbtacks, glues or any other material that may damage the panels may not be used. The costs generated by damage to the material will be charged to the EXHIBITOR by the Official Assembler.

BOOTH DISMANTLING

1 – DISMANTLING PERIOD

It is the EXHIBITOR'S responsibility to dismantle their booth and remove all displayed products and equipment within the stipulated timeframe.

THE DISMANTLING OF THE BOOTHS MUST STRICTLY FOLLOW THE SCHEDULE BELOW:

- FROM 8:00 PM TO 9:30 PM ON JULY 24 – REMOVAL OF SMALL PRODUCTS/MATERIALS, EXCLUSIVELY THROUGH THE SERVICE GATES. WE SUGGEST THAT ALL DISPLAY ITEMS AND VALUABLES (TVS, DVDS, SOUND EQUIPMENT, COMPUTERS, ETC.) AS WELL AS SMALL OBJECTS BE REMOVED FIRST, IN ORDER TO AVOID THEFT, LOSS, DAMAGE, OR MISPLACEMENT.**
- FROM 10:00 PM ON JULY 24 UNTIL 4:00 PM ON JULY 25 – REMOVAL OF LARGE PRODUCTS AND DISMANTLING OF BOOTHS, EXCLUSIVELY THROUGH THE SERVICE GATES.**

After this timeframe, the ORGANIZING COMPANY reserves the right to dismantle booths, and shall not be held liable for any loss or damage, or for the storage of third-party materials.

2 – PENALTIES

DELAY IN DISASSEMBLY WILL CAUSE A FINE OF FIVE THOUSAND REAIS (R\$ 5,000.00) PER HOUR.

AS EXHIBITORS ARE RESPONSIBLE FOR THEIR BOOTH DISMANTLING, WE RECOMMEND INFORMING THE ASSEMBLER, DECORATOR AND OTHER COMPANIES INVOLVED OF THIS TIMEFRAME.

3 – MATERIAL REMOVAL

WE EMPHASIZE TO THE EXHIBITOR AND THEIR SUPPLIERS THAT THE ORGANIZER WILL OPEN THE SERVICE GATES FOR THE REMOVAL OF MATERIALS FROM 8:00 PM TO 9:30 PM ON JULY 24, EXCLUSIVELY FOR THE REMOVAL OF SMALL MATERIALS.

STARTING AT 10:00 PM, BOOTH CONTRACTORS AND OTHER SERVICE PROVIDERS WILL BE AUTHORIZED TO ACCESS THE PAVILIONS TO BEGIN DISMANTLING.

IT IS MANDATORY TO HAVE A SECURITY GUARD PRESENT AT THE BOOTH FROM THE BEGINNING UNTIL THE END OF MATERIAL REMOVAL AND BOOTH DISMANTLING.

THE ORGANIZATION IS NOT RESPONSIBLE FOR THEFT OR LOSS OF MATERIALS OF ANY KIND.

4 – DAMAGES CAUSED TO THE PAVILION

Our agreement with Expo Center Norte provides for the reimbursement of any damage caused to the pavilions. The ORGANIZING COMPANY of the Event reserves the right to transfer any costs to EXHIBITORS who cause any kind of damage, according to the Pavilions' use standards.

5 – INSTANCES NOT FORESEEN IN THIS MANUAL

The ORGANIZING COMPANY reserves the right to decide on instances not foreseen in the General Standards, as well as to set forth new standards that are necessary for the proper operation of the event or to promote harmony between EXHIBITORS.

No changes made by the ORGANIZING COMPANY may be used as a termination cause of the Area Rental Agreement by EXHIBITORS, since all actions taken shall be meant to a proper Event operation.

STANDARDS FOR THE EXHIBITION OF IMPORTED PRODUCTS

1 – PRODUCTS FOR EXHIBITION

Since this is an international Event, duly registered at the MINISTRY OF DEVELOPMENT, INDUSTRY AND TRADE, EXHIBITORS may send their products for demonstration during the event, including under the tax exemption and/or suspension regime.

The ORGANIZING COMPANY accredited the company named FULSTANDIG as the Official Freight Forwarder and Logistics Operator for the Event, who will be responsible to coordinate shipment of goods from their source to their delivery in EXHIBITORS' BOOTH.

2 – INSTRUCTIONS ON THE FREIGHT FORWARDER

The company accredited by ORGANIZING COMPANY to help EXHIBITORS who will exhibit imports is FULSTANDIG.

We kindly ask you to contact them in order to find out all standards and proceedings for the transit of such goods.

FULSTANDIG

Rua Eli, 164 – Vila Maria
CEP: 02114-010 – São Paulo – SP
Telephones: +55 (11) 2207-7650
Fax: +55 (11) 2207-7654

SAFETY STANDARDS

1 – LIABILITY

The ORGANIZING COMPANY shall not be held liable for damages or losses caused to persons or products exposed before, during and dismantling of the Event, including sabotage, civil commotion, power or water shortages or outages, or insurance claims of any kind, and the Organizing Company shall not be held liable for the refund of any of such costs.

DURING THE EVENT, EXHIBITORS SHOULD KEEP THEIR OBJECTS AND EQUIPMENT IN A SAFE AND RESTRICTED PLACE, SO AS TO AVOID POSSIBLE THEFTS.

THE ORGANIZATION IS NOT RESPONSIBLE FOR THEFT OF ANY KIND.

PRODUCTS/EQUIPMENT FROM YOUR COMPANY MAY ONLY BE SENT TO THE PAVILION WHEN THERE IS A PERSON RESPONSIBLE AT YOUR BOOTH TO RECEIVE THEM.

2 – INSURANCE

Booths, goods, products, personnel, whatever their type is, including agents, carriers, assemblers, crane rental companies and others, not be covered by insurance during assembly, the event itself or dismantling, for which EXHIBITOR shall be the sole party fully liable for any damage or issue occurred.

THE ORGANIZING COMPANY STRONGLY RECOMMENDS THAT EXHIBITORS PROVIDE THEIR OWN INSURANCE AGAINST ANY RISKS, AS THEY ARE UNDER THEIR SOLE AND EXCLUSIVE RESPONSIBILITY.

3 – FIRE EXTINGUISHERS

As recommended by the Fire Department, all booths must be assembled with flame-retardant materials and must request fire-retardant certificates from the carpet and fabric suppliers for the material used.

According to ABNT Technical Standards (State Decree 38069/93), EVERY EXHIBITOR IS REQUIRED TO INSTALL A PQS (dry chemical powder) or CO₂ (carbon gas) fire extinguishers in its booth, consistent with products and materials used in booth assembly and in a proper amount. PQS extinguishers should have a minimum weight of 4 kilos and CO₂ extinguishers a minimum weight of 6 kilos. The coverage capacity adopted by the event is 1 EXTINGUISHER FOR EVERY 25M². E.g.: 100 m² = 4 fire extinguishers

Such equipment may be requested from the official Event brigade, who will inspect booths, and will be available for any questions.

If the EXHIBITOR has equipment with these characteristics in his/her company, he/she can use it at his/her booth. The event's Official Brigade will inspect ALL booths.

4 – SPECIAL FITTINGS

Any equipment whose demonstration may pose hazards to the public, to neighboring BOOTHs or to the Pavilions, should have special fittings that, at the ORGANIZING COMPANY's sole discretion, completely remove any hazard.

5 – PROHIBITED EQUIPMENT

- a) It is prohibited to operate internal combustion engines or any other equipment that could exhaust any kind of gases, smoke or grease inside the Pavilion.

b) The installation and utilization of wood stoves is prohibited.

c) The utilization of explosives, non-inert gases, toxic and combustible materials is prohibited.

d) LPG (Liquefied Petroleum Gas) will only be allowed in domestic bottles, with a maximum weight of 90 kg, installed in the outdoor area specified by the Pavilion team and gas piping should be non-flexible and metallic. Mechanical and electrical devices should be used for safety. Piping design should be previously approved by the ORGANIZING COMPANY and inspected by the Pavilion team. EXHIBITORS who use this type of equipment shall sign a Liability Term.

All EXHIBITORS who need to use LPG shall comply with installation standards, according to Decrees 24714/87 dated 07/10/87 and 27011/88 dated 09/30/99; if combustible gas systems are installed and used, an ART should be submitted, under the responsibility of a mechanical engineer.

e) The use of piston compressors inside the pavilions is prohibited. If the installation of this type of equipment is extremely necessary, it must be requested in writing to the ORGANIZATION 15 days before the beginning of the assembly (July 5th). We point out in advance that the equipment must be installed in the external area using a high-pressure hose to supply the point of consumption, must be isolated by grids or panels and provided with a protection circuit breaker installed close to it.

The design must be submitted for prior approval by Expo Center Norte.

Silent mini compressors may be used inside the pavilions if the request is forwarded to the ORGANIZATION 15 days before the start of assembly (July 1st). The equipment must comply with the characteristics below:

- Maximum power of 1.5 HP;
- Maximum tank volume of 20 liters;
- Maximum noise level of 65 db.

If any of the above characteristics is not met, the equipment in question will not be considered a mini compressor and will be prevented from being used.

f) The use of any type of gas-filled floating balloons such as blimps, zeppelins, or similar is prohibited in both the indoor and outdoor areas of the pavilions, including the lobby.

g) The use of equipment and/or aircraft and/or unmanned aerial vehicles and/or remotely piloted aerial vehicles, or similar such as RPAs, drones, zeppelins, model aircraft, etc., is prohibited in the indoor areas of the pavilions, the lobby, and outdoor areas, including loading and unloading zones and parking areas.

ANY EXHIBITOR WHO USES DRONES OR ANY TYPE OF EQUIPMENT DESCRIBED ABOVE WILL BE IMMEDIATELY NOTIFIED, HAVE THE EQUIPMENT CONFISCATED, AND BE FINED R\$ 3,500.00 (THREE THOUSAND FIVE HUNDRED REAIS).

***Failure to sign the notification does not imply the exhibitor's disagreement.*

6 – OBSTRUCTION OF THE PAVILION SAFETY EQUIPMENT

It is prohibited to place any material or equipment in front of the Pavilion existing fire extinguishers. It is also prohibited to remove extinguishers from their attachments for use elsewhere, like standby extinguishers, without previous authorization from the ORGANIZING COMPANY.

7 – PPE – PERSONAL PROTECTIVE EQUIPMENT

EXHIBITORS shall provide their employees and/or contractors with proper PPE, under perfect conservation and operation conditions.

THE USE OF PPE (PERSONAL PROTECTIVE EQUIPMENT) IS MANDATORY FOR ALL INDIVIDUALS (CONTRACTORS, SUPPLIERS, SERVICE PROVIDERS, SECURITY

PERSONNEL, AND EXHIBITORS) WHO ENTER THE PAVILION DURING THE EVENT'S SETUP AND DISMANTLING PERIODS.

8 – UNIFORMS

People are not allowed to enter and stay inside the Pavilions during the assembly and decoration period, wearing no shirts or wearing tank tops, shorts, skirts and dresses. The use of slippers, high-heels or sandals is also prohibited. It is mandatory to wear credentials in a visible manner.

9 – EMERGENCY EXITS, FIRE EXTINGUISHERS, FIRE HYDRANTS AND PUSHBUTTONS

In areas marked and specified for emergency exits, extinguishers, hydrants and pushbuttons, it is strictly prohibited to store any material, and they should be left completely unblocked.

REGISTRATION

1 - EXHIBITOR CREDENTIALS

EXHIBITOR credentials should be requested using the relevant form, and 1 EXHIBITOR credential will be supplied free of cost for every 2 m².

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

WE RECOMMEND DISCRETION WHEN GIVING THIS TYPE OF CREDENTIAL, AS IT ALLOWS ITS BEARER THE ACCESS TO THE PAVILONS OUTSIDE THE EVENT OPERATING HOURS; THEREFORE THIS IS A MATTER OF SECURITY TO BE OBSERVED BY EXHIBITORS.

EXHIBITOR credentials will be provided by the ORGANIZING COMPANY, upon completion of the specific form with: company name/business name of the EXHIBITOR's full name, CPF (SSN) and position.

2 – ADDITIONAL EXHIBITOR CREDENTIALS

If EXHIBITORS need more credentials than the free-of-cost allowed quantity, they should be requested and paid by completing the relevant form.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

3 – CREDENTIALS FOR EXHIBITORS' SPEAKERS/CHEFS

Persons invited or commissioned by EXHIBITORS to hold lectures, demonstrations and/or classes during the Event shall be mandatorily registered as "**EXHIBITORS' SPEAKER" OR "EXHIBITOR"**

UNDER NO CIRCUMSTANCES MAY LECTURES, DEMONSTRATIONS AND/OR CLASSES BE HELD AT EXHIBITORS' BOOTHS BY PERSONS WEARING VISITOR OR OTHER TYPE OF CREDENTIAL. THE ORGANIZATION TEAM WILL PERFORM REGULAR INSPECTIONS AND IF THAT IS FOUND, LECTURERS WILL BE REQUIRED TO REGISTER AT THE EVENT CAEX AND CHANGE THEIR CREDENTIAL WITH THE CORRECT ONE.

4 – EXHIBITOR'S SERVICE PROVIDERS REGISTRATION

All exhibitors' service providers shall be fully registered (complete details).

EXHIBITOR SERVICE credentials are intended for registration of employees from companies commissioned by EXHIBITORS to provide support services during the Event, such as receptionists, waiters, stewards, musicians, etc., and such credentials should be requested by completing and submitting the relevant form.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

5 – CREDENTIALS FOR ASSEMBLERS

Credentials for assemblers/decorators should be worn during the entire assembly and dismantling period, and they can be received at the Event CAEX as of 12:00 p.m. on July 16, 2026.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

6 – ASSEMBLER/DECORATOR MAINTENANCE CREDENTIAL

During the event, booth maintenance personnel will be allowed to work only by using specific credentials for such purpose.

Assemblers/decorators shall request MAINTENANCE personnel credentials at the Event CAEX by July 19, from 8:00 a.m. to 9:00 p.m.

CAEX will be authorized to change 2 credentials per BOOTH.

Any extra credentials should be requested by assemblers in a letterhead paper letter, signed by the company's representative, with the name and SSN of employees.

Such request will be subject to approval by the Event ORGANIZATION.

7 – CREDENTIALS DELIVERY

The ORGANIZING COMPANY shall only deliver credentials after payment confirmation of all fees related to any services requested.

Credentials will be delivered at the Pavilion entrance as of 12.00pm on July 16

EXHIBITORS, assemblers, security and any booth personnel are required to wear credentials in a visible manner.

IMPORTANT:

- EXHIBITORS, ASSEMBLERS AND SERVICE PROVIDERS WILL BE REQUIRED TO SHOW A PHOTO ID WHENEVER THEY ENTER THE PAVILION**
- ANY PERSON WHO IS NOT WEARING CREDENTIALS INSIDE THE PAVILION WILL BE PROMPTLY REMOVED FROM THE PREMISES.**
- IT IS PROHIBITED TO PASTE ID STICKERS ON TOP OF THE CREDENTIAL TYPE INFORMATION; THE ORGANIZATION RESERVES THE RIGHT TO SEIZE AND CANCEL CREDENTIALS IN SUCH CONDITIONS.**
- 2ND COUNTERPARTIES OF SEIZED CREDENTIALS WILL NOT BE ISSUED.**

Credentials will be valid during the Event operating periods and they may be requested by the day prior to the event opening.

If credentials are stolen, lost or forgotten, EXHIBITORS may request a 2nd copy, provided that they have not been seized.

A 2nd counterpart will be issued upon payment of a fee of R\$ 60,00 (sixty reais).

8 – STAFF ACCESS

During the entire Event operating period, only persons bearing proper credentials shall have access to the Pavilions.

EXHIBITORS, assemblers, decorators, security, receptionists, janitors and/or any booth personnel are required to wear credentials in a visible manner.

People will not be allowed to access the Pavilion outside the Event operating hours, except for those bearing credentials of EXHIBITORS and EXHIBITOR SERVICE PROVIDERS, who show an official photo ID.

9 – CONFISCATION OF CREDENTIALS

All credentials provided by the ORGANIZING COMPANY are **PERSONAL AND NON-TRANSFERABLE AND DO NOT ENTITLE TO ANY COMPANION.**

When credentials are shown at the Pavilion entrance, bearers shall also show their ID or official document with photo. Any use of credentials by third parties will be considered misuse, resulting in their confiscation and cancellation. No duplicates or replacements will be issued for confiscated credentials

FIREMEN AND FIRST-AID SERVICES

During the period, assembly, the Event itself and dismantling, the ORGANIZATION will keep Emergency Services available, as well as the Fire Department on call, for emergency cases.

SECURITY SERVICE

1 – EVENT SECURITY

The ORGANIZING COMPANY shall maintain security services during the entire assembly, event and dismantling period (24 hours), with the purpose to maintain order and proper operation of the event. General security will comprise aisles, the Event entries and exits and infrastructure BOOTHS under the ORGANIZING COMPANY's responsibility.

GENERAL SECURITY SHALL NOT BE RESPONSIBLE TO TAKE CARE OF PRODUCTS DISPLAYED AT EACH BOOTH. EXHIBITORS SHALL MAINTAIN AT THEIR BOOTHS, PARTICULARLY AT TIMES WHEN THE EVENT IS NOT OPERATING, A PRIVATE QUALIFIED SECURITY EMPLOYEE.

IMPORTANT: THE EVENT SERVICE PROVIDERS (SECURITY, JANITORS, OFFICIAL ASSEMBLER, ELECTRICIANS AND PLUMBERS) WILL HAVE PROPER CREDENTIALS AND UNIFORMS. DO NOT ALLOW UNAUTHORIZED PEOPLE TO ENTER YOUR BOOTH.

2 - SECURITY SERVICE COMMISSIONING FOR BOOTHS

Security service commissioning for booths will be allowed as follows:

A) OFFICIAL SECURITY

EXHIBITORS who are interested in Event Official Security company services shall request it to the ORGANIZING COMPANY, by completing a specific form and upon payment.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT IN ORDER TO COMMISSION SERVICES**B) EXHIBITORS' OWN EMPLOYEES**

EXHIBITORS shall inform DELESP – Private Security Control Precinct in writing on the transfer of a qualified employee from its own Corporate Security, in no less than 30 days before the Event assembly. In such case, in order to allow entry and stay of the security employee, the following documentation should be provided:

- Proof of employment;
- Letter from the EXHIBITOR in letterhead paper, authorizing and taking the responsibility for the booth security employee, describing dates and times he/she will enter and leave the Pavilions.
- ID- or Driver's' License (provider's personal document with photo);
- Updated criminal record of the provider;
- Provider's Security Training Certificate;
- Updated Recycling Certificate from the provider;
- Certificate of the provider's Major Events Course;
- National Security Guard Card (CNV)

C) EMPLOYEES FROM SPECIALIZED COMPANIES

EXHIBITORS who commission this service from specialized companies shall request and submit the following documents to "PREVENÇÃO SEGURANÇA":

- ID or Driver's' License (provider's personal document with photo);
- Booth accreditation letter, including all the provider's details
- Updated criminal record of the provider
- Provider's Security Training Certificate
- Updated Recycling Certificate from the provider;
- Certificate of the provider's Major Events Course;
- National Security Guard Card (CNV)
- Updated Security company's license

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

We remind you that:

Security personnel shall wear uniform and under no circumstances may they use guns. At the pavilions' entrance, their identification (security credential) will be required, and their credential will be seized if used by third parties.

EXHIBITORS WHO USE THEIR OWN SECURITY SHALL OBSERVE THIS STANDARD

THE AFORESAID DOCUMENTATION SHOULD BE DELIVERED TO THE OFFICIAL SECURITY COMPANY BY JUNE 26 (DEADLINE), SO THAT CREDENTIALS ARE ASSESSED AND RELEASED FOR THESE SERVICE PROVIDERS

FROM THAT DATE UNTIL THE EVENT DISMANTLING, ONLY OFFICIAL SECURITY GUARDS MAY BE HIRED, BY USING THE SPECIFIC OPERATIONAL FORM

ATTENTION:

a) For security employees hired by a duly qualified company, approved by Official Security Department, as described above, it is compulsory to acquire and use the credential named "EXHIBITOR'S SECURITY" during the entire event period (assembly, the event itself and dismantling).

b) UNDER NO CIRCUMSTANCES MAY SECURITY PERSONNEL WEAR CREDENTIALS NAMED "EXHIBITORS" OR EMPLOYEES OF THE EXHIBITOR'S COMPANY EXERCISING THIS FUNCTION.

The Event ORGANIZING COMPANY, by means of inspections, will remove from the Pavilion any security employee wearing "EXHIBITOR" credentials, and shall not be held liable for products/materials in the booth, since this would be a breach of the standard described above.

By submitting the required documentation and acquiring the credential named "EXHIBITOR'S SECURITY", such employee may return to his/her activities.

c) We recommend that EXHIBITORS do not commission security services at the Pavilion during the assembly, Event itself and/or dismantling, offered by persons who are not duly registered to perform such activity in your booth.

IF THE EXHIBITOR INSISTS ON CONTRACTING THIS SERVICE OFFERED BY ANOTHER BOOTH'S SECURITY, WITHOUT INFORMING AND ACCREDITING IT AT CAEX, THE ORGANIZATION HEREBY DECLARES THAT IT WILL NOT BE RESPONSIBLE FOR ANY TYPE OF THEFT/DAMAGE TO PRODUCTS/DECORATION/BOOTH.

CLEANING SERVICE

1 - CLEANING AT THE EVENT

The ORGANIZING COMPANY shall maintain general cleaning services at the Event, from the last assembly day, through the Event itself and during dismantling.

The cleaning services will be performed in the aisles, administration offices and restrooms.

EXHIBITORS shall take care of cleaning at their booths, as well as their kitchen services, and they shall not place their waste in aisle waste bins for the sake of visitors.

DELIVERY OF SUPPLIES AND CLEANING SHOULD TAKE PLACE OUTSIDE EVENT HOURS AND THE WASTE FROM EACH BOOTH SHOULD BE PACKED IN SPECIAL PLASTIC BAGS, AND THEY MAY BE PLACED IN AISLES ONLY AFTER THE DAY ACTIVITIES ARE ENDED.

2 - CLEANING DURING ASSEMBLY (DURING BOOTH CONSTRUCTION)

Assemblers or EXHIBITORS who do their own booth assembly shall pay a cleaning service fee at the Pavilion common areas **for the assembly period**.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

3 - CLEANING SERVICE COMMISSIONING FOR THE BOOTH DURING THE EVENT

Exhibitors shall be responsible for their booth internal cleaning during the Event. The contractor shall be registered by the deadline.

UNDER NO CIRCUMSTANCES MAY WASTE FROM BOOTHS BE PLACED IN THE PAVILION COMMON AREAS DURING THE EVENT HOURS, AND THE EXHIBITOR WILL BE SUBJECT TO A PENALTY OF R\$ 3,500.00 (THREE THOUSAND FIVE HUNDRED REAIS) THAT CAN BE CHARGED AFTER REGULAR INSPECTIONS.

Wastes from each booth may be placed in aisles only after the day activities are ended, provided that they are packed in special plastic bags.

Booth cleaning services will be allowed as follows:

A) OFFICIAL CLEANING (THROUGH ROTATING SYSTEM)

EXHIBITORS who are interested in the Event Official Cleaning company services shall request it to the ORGANIZING COMPANY, by completing a specific form and upon payment.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT IN ORDER TO COMMISSION SERVICES

B) CLEANING EMPLOYEES OR SERVICE PROVIDERS HIRED BY EXHIBITORS

Employees from hired company providing services to EXHIBITORS shall be duly registered.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

ELECTRIC POWER SERVICE

1 - GENERAL INFORMATION

The electrical power for the pavilions is provided by the utility company, under the responsibility of Expo Center Norte. The electrical installations for the stands must fully comply with the requirements of NBR 5410 – Low Voltage Electrical Installations. It is mandatory to use flame-retardant cables with double mechanical insulation (type PP) and thermal-magnetic circuit breakers.

Each EXHIBITOR / MOUNTING COMPANY will be responsible for completing the electrical installation and distribution within the stand, providing the power input with a general circuit breaker of class "C," compatible with the electrical request.

The general circuit breaker and other protection devices for the electrical circuits must be housed in a fireproof panel, equipped with a door, and fixed in a location with free access to the promoter's maintenance team, even outside the event's operating hours.

In accordance with NBR-5410, NR 10, and Expo Center Norte requirements, the EXHIBITOR / MOUNTING COMPANY must also ground the stand if constructed with a metallic structure, whether iron or aluminum, connecting it to the grounding wire located at the power entry point to prevent electric shocks.

The electrical power will be supplied in non-fractionated kVA units at a voltage of 380 Volts, three-phase, 60Hz – 3 phases with neutral and ground, and 220 Volts single-phase for the duration of the event.

Lights and other equipment must operate at 220 Volts. **For equipment operating at 127 Volts (110 Volts), the EXHIBITOR must use transformers of the required power.** The power cables used to supply electricity to the stands must have a female plug of the PCE brand at the end, where the load will be connected.

The PCE plugs are compatible with Steck plugs, which are the most well-known in the Brazilian market. This type of connection, also known as a plug-in connection, will minimize the risk of accidents due to short circuits, electric shocks, or phase inversion, which could damage equipment.

Below is the table with the description of the male plugs from the PCE and Steck brands required for connection with the female plug of the power feeder cable that will be provided by Expo Center Norte:

Bitola do cabo fornecido com o plugue fêmea da PCE	Referência do plugue macho da marca PCE necessário para a conexão	Referência do plugue macho da marca Steck compatível com o plug fêmea da PCE	Imagen do plugue macho 5 pinos
6 mm ²	0252-6	s-5276	
10 mm ²	035-6	s-5576	

THE ELECTRICAL VOLTAGE AT EXPO CENTER NORTE IS 380 VOLTS – THREE-PHASE – PHASE NEUTRAL 220 VOLTS. IN THE CASE OF USING ANY 110V EQUIPMENT, THE EXHIBITOR MUST PROVIDE A TRANSFORMER TO PREVENT DAMAGE TO THEIR EQUIPMENT.

The EXHIBITOR is responsible for requesting the energy that will be consumed in their stand. Any excess consumption proven during the event will be charged by the ORGANIZER at the specified rate.

Once the installation is completed, an inspection by the ORGANIZER must be requested.

Lighting equipment must be turned off daily after the event concludes.

The electrical installations in the stands must comply with the **guidelines of NBR 5410/90** – Low Voltage Electrical Installations, particularly regarding the characteristics of electrical cables, protection and switching devices, and grounding. These should be indicated and presented to the ORGANIZATION in the project's floor plan, which must be submitted by June 26th.

ATTENTION: Equipment must be connected using plugs suitable for the available sockets and power points as follows:

- a)Brazilian standard general-use 220V socket – 2P+T(10A);
- b)Industrial socket 5 pins 6h – Power distribution point 380V – 3P + N + T (125A);
- c)Industrial socket 5 pins 6h – Power distribution point 380V – 3P + N + T (32A);
- d)Industrial socket 5 pins 6h – Power distribution point 380V – 3P + N + T (63A).

Stands that require power supply (single-phase or three-phase) for their products must have independent points between the general stand lighting and the operation of the equipment on display.

STANDS WITH AREAS ABOVE 50M², OR THAT HAVE ELECTRONIC EQUIPMENT CONSUMING A CONSIDERABLE AMOUNT OF ENERGY, MUST HAVE A POWER ROOM WITH A EXCLUSIVE DOOR AND FREE ACCESS.

The amount of energy (KVA) required for the stand's operation must be requested through the respective form, within the specified deadline.

2 - PURCHASE OF MINIMUM ELECTRIC POWER

Upon completion of the relevant form for electric power installations and services by the deadline, the ORGANIZING COMPANY shall install a power supply outlet at EXHIBITORS' booths, in accordance with the request. The EXHIBITOR and/or its assembler shall be responsible for the electricity distribution inside their booth. Electric installations should be made with double-shielded cables.

IT IS STRICTLY PROHIBITED TO USE ANY TYPE OF IMPROVISED ELECTRIC INSTALLATIONS (PARALLEL WIRES, ETC.) OR SOCKET STRIPS, TEES AND ANY KIND OF EXTENSION FOR THE CONNECTION OF APPLIANCES .

THE ORGANIZATION SHALL PREVENT THE OPERATION OF THE BOOTH UNTIL THIS STANDARD IS COMPLIED WITH.

The available current is alternate (AC) with a frequency of 60 c/s, one-phase 220 V. There is no need to consider KVA/hours, as the KVA cost will be related to consumption during the entire Event period.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

Each EXHIBITOR will have a compulsory supply of 0.075 KVA per square meter of a rented BOOTH

Example: Square meters x KVA fraction = total
50m² x 0.075 = 3.75 KVAs

3 – PURCHASE OF ADDITIONAL POWER

If basic electric power is not sufficient, EXHIBITORS shall request additional power.

EXHIBITORS who need additional power shall request it to the ORGANIZING COMPANY by July 3, by completing the relevant form.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

After the specified date, such requests will be fulfilled on a first come, first serve basis, if there is power available at the Pavilions, with a higher cost for the additional.

It is important that EXHIBITORS confirm with their assemblers the real consumption at their booths, by using the KVA calculation reference chart.

HERE IS AN ELECTRIC POWER CALCULATION CHART WITH CONSUMPTION OF SOME PIECES OF EQUIPMENT IN KVA.

EQUIPMENT X CONSUMPTION IN KVA

SPECIFICATIONS	KVA
Electric domestic coffeemaker 800W	0.8
Commercial coffeemaker 1.700W	1.7
Air compressor or fan 100W	0.1
Beer tap 300W	0.3
Commercial electric oven 1.750W	1.8
Domestic electric oven	1.7
Microwave oven	1.2
Minibar/Refrigerator/Freezer	0.3 / 0.5 / 0.5
Inkjet/dot matrix/laser printer	0.30 / 0.50 / 0.50
Halogen dichroic lamp	0.05
20 W – 40 W fluorescent lamp (with ballast)	0.03 / 0.05
110 W HO fluorescent Lamp (2x110 W)	0.22
Laptop computer	0.12
PC (CPU with monitor)	0.5
Multimedia projector	0.5
TV LCD/LED	0.3
DVD player	0.4

PLUMBING SERVICE

1 - GENERAL INFORMATION

The Pavilion has several water taps and sewage drains along the floor. In order to use each spot, a plumbing combined water/wastewater spot rate will be charged, and the plumbing bore are 3/4 inches or 20 mm for cool water and 50 mm for sewage.

2 – PURCHASE OF WATER TAPS/SEWAGE DRAINS

Upon completion of the relevant form for installation of water taps/sewage drainage or only sewage drainage **by July 3**, the ORGANIZING COMPANY shall provide all required utilities.

ATTENTION: THESE SPOTS MUST BE INSTALLED FROM CHANNELS BEFORE BOOTHS ARE ASSEMBLED, THEREFORE PLUMBING SHOULD BE REQUESTED AND PAID NECESSARILY BEFORE STARTING ASSEMBLY.

OPERATIONAL FORM – MANDATORY COMPLETION AND PAYMENT

TELEPHONE AND INTERNET/PARKING SERVICES

1 – TELEPHONE AND INTERNET

Telephone and Internet services are offered by Expo Telecom, who has an office inside Expo Center Norte pavilons.

These services should be purchased directly from that company.

We recommend that services are purchased with at least 30 days in advance before the Event assembly (June 16), as the price table will be escalated as of the 31st day prior to the event.

SERVICES SHOULD BE PURCHASED FROM EXPO TELECOM

TELEPHONE: 55 11 4210-0810 option #1

E-MAIL: expotelecom@mapptv.com.br

2 - PARKING FOR ASSEMBLER/EXHIBITORS/SERVICE PROVIDERS

The rules described here, as well as the values established by ESTAPAR, the parking area administrator, refer to the year 2025. Later, we will send the updated rules/values for July 2026.

EXHIBITORS:

Exhibitors may purchase parking cards for a period corresponding to the days of the Event:

- During the event days, exhibitors will receive a 50% (fifty percent) discount on the regular parking rates, upon presentation of their event credential issued by the organizer;
- Discounted credentials are limited to two (2) per exhibitor booth, regardless of booth size;
- **During the setup and dismantling periods**, the fee is R\$ 20.00 per vehicle per day.
- **Event days:**
Cars and vans: R\$ 95.00 for 6 hours, with an additional charge of R\$ 5.00 per extra hour or fraction thereof;
Motorcycles: R\$ 40.00 flat rate
- Only passenger cars and utility vehicles with a maximum height of 2.40 meters are allowed;
- Access will not be permitted without a proximity card.

The company responsible for parking services is ESTAPAR.
Contact: 55 11 2221-6700, from 8:00 AM to 6:00 PM, or by email at estacionamentoexpo@estapar.com.br.

ASSEMBLERS AND SERVICE PROVIDERS – ASSEMBLY AND DISMANTLING:

- Contractors and service providers may purchase parking cards for R\$ 20.00 (twenty reais), valid for up to 15 hours. After this period, an additional fee of R\$ 5.00 per extra hour will apply. This rate is valid only during the setup and dismantling days;
- The purchase of the card is subject to the presentation of the event credential issued by the organizer, and the company name must appear on the official list of service providers and contractors submitted by the event organizer;
- Access points: Rua Otto Baumgart, 300 (Gate 10) and Rua Miguel Mentem, Gates 16 and 17;
- Only passenger cars and utility vehicles with a maximum height of 2.40 meters are allowed;
- Credentials must be purchased directly from the company responsible for parking services, ESTAPAR, by phone at (11) 2221-6700, from 8:00 AM to 6:00 PM, or by email at estacionamentoexpo@estapar.com.br.

ACCESS GATES:

Rua José Bernardo Pinto, 300 – Gate 13; Rua Otto Baumgart (Gate 10); and Rua Miguel Mentem, Gates 16 and 17.

LOADING AND UNLOADING

Pavilions and Surrounding Areas:

- Parking or remaining in the loading and unloading areas is not permitted, except for the time strictly necessary to carry out the operation.
- For cars, trucks, and utility vehicles, fees will apply as follows:
 - Up to 30 minutes: R\$ 20.00
 - Up to 1 hour: R\$ 30.00
 - After 1 hour: R\$ 50.00 per hour or fraction thereof

Attention: There is no grace period. Entry into the parking area implies immediate charging of the applicable fee.

PROMOTION MATERIAL

1 – DIGITAL INVITATIONS

During the entire FIPAN, visitor credentials will be charged.

The ORGANIZING COMPANY shall automatically provide EXHIBITORS with 02 COURTESY CODES PER square meter, that will exempt invitees (clients/customers) from paying for a visitor's credential. Companies who wish to have extra codes shall request them through e-mail expositor@fipan.com.br.

We remind you that registration is individual and should compulsorily be performed at the Event website.

WE RECOMMEND EXHIBITORS' DISCRETION WHEN GIVING COURTESY ACCESS CODES, SO THAT WE CAN QUALIFY CUSTOMERS/VISITORS AT THE EVENT.

ATTENTION:

THE DISTRIBUTION OR RAFFLE OF COMPLIMENTARY CODES THROUGH THE COMPANY'S SOCIAL MEDIA, LINKED TO THE SALE OF PRODUCTS WITH A VALUE LOWER THAN THE EVENT TICKET, WILL NOT BE ALLOWED.

IF THE EXHIBITOR WISHES TO PROMOTE SUCH ACTIONS ON SOCIAL MEDIA, THEY MUST SEND A DESCRIPTION OF THE ACTION FOR ANALYSIS AND APPROVAL BY THE ORGANIZATION.

2 – EXHIBITOR PROMOTIONAL MATERIAL

On the FIPAN website, in the exclusive exhibitor area, the event's "Media Kit" will be available, with the fair's logo and various arts for publicity.

3 – PRESS ADVERTISEMENT

By means of its press agents, the ORGANIZING COMPANY shall regularly promote the Event advertisement in national newspapers and magazines, by means of press released, without any extra costs to EXHIBITORS.

The earlier this is done, the greater is the possibility of disclosure by the press.

Press releases may have editorial usage or not, at the sole discretion of communication companies.

In order to support this work, we recommend sending high resolution digital pictures, in addition to releases on product ranges to be presented/launched in the Event, to e-mail:matheus@fragatacomunicacao.com.br Such material will not be returned.

The ORGANIZING COMPANY and its press office reserve the right to select information relevant to the press.

Companies will be fully liable for the accuracy of facts presented.

In order to advert your participation to clients and suppliers, we recommend including the following sayings in all your mails:

"Visit our booth at FIPAN'2026 – Expo Center Norte – São Paulo – SP – from July 21 to 24.

HELD BY

1 – EVENT VISITATION

Visitation is restricted to people connected to the Event industry. Registration may be performed at the Event website www.fipan.com.br or at the Event location/day, and credentials will be issued upon payment or EXHIBITOR'S invitation exempting the visitor from paying for entry to the event.

- Children under 14 years of age are not allowed to enter or remain on the premises.
- Minors between 14 and 18 years old will only be granted access if accompanied by their parents or legal guardians.
- Breastfeeding mothers with infants up to 11 months and 29 days old will be granted access upon signing a Liability Waiver at the fair's administration office at the time of their visit.
- The organization also recommends that, as this is a business event, visitors avoid wearing shorts, sleeveless shirts, caps, and/or flip-flops.

2 - BOOTH VISITATION

Booths will be completely open to visitation, and EXHIBITORS will not be allowed to sell entrance tickets for any reason whatsoever.

3 - BOOTH OPERATION – EVENT OPENING (July 21, 22, 23, and 24 – 1:00 PM)

Throughout the entire duration of the event, there must be at least one (1) EXHIBITOR staff member available and qualified to provide information about the products on display.

Staff members should arrive at least 45 minutes before the event opening time.

The ORGANIZER reserves the right to open the event earlier to ensure better service to visitors and shall not be held responsible for theft or loss of materials resulting from the EXHIBITOR's failure to comply with the official opening hours.

ANY EXHIBITOR WHO KEEPS THEIR BOOTH CLOSED DURING THE OFFICIAL EVENT OPENING HOURS WILL BE FORMALLY NOTIFIED AND SUBJECT TO A FINE OF R\$ 3,500.00 (THREE THOUSAND FIVE HUNDRED REAIS).

***Failure to sign the notification does not imply the exhibitor's disagreement.*

4 - BOOTH OPERATION – EVENT CLOSING (July 21, 22, and 23 at 9:00 PM / July 24 at 7:00 PM)

On July 21, 22, and 23, visitor access to the event ends at 9:00 PM. Exhibitors, their partners, employees, and/or suppliers are not allowed to remain in the booth after 10:00 PM, when the pavilion lights will be dimmed and the Official Security Team will conduct inspections to ensure compliance with this rule.

On July 24 (the last day of the event), visitor access will end at 7:00 PM, and any type of celebration or gathering is strictly prohibited.

ANY EXHIBITOR WHO KEEPS THEIR BOOTH CLOSED DURING THE OFFICIAL EVENT OPENING HOURS WILL BE FORMALLY NOTIFIED AND SUBJECT TO A FINE OF R\$ 3,500.00 (THREE THOUSAND FIVE HUNDRED REAIS).

***Failure to sign the notification does not imply the exhibitor's disagreement.*

To prevent visitors from feeling dissatisfied and taking action under the Consumer Protection Code, it is strictly forbidden to close booth activities before the official end time of the event — 9:00 PM on July 21, 22, and 23, and 7:00 PM on July 24.
